

Current 10th Grade Discovery Days Schedule

Woodbridge High School invites you to explore **Discovery Days!** Students are encouraged to attend tutorial sessions (please see schedule below) to learn about a variety of courses available to rising juniors. Each session is first come, first served (no pre-registration required).

Are you curious about a particular AP/Honors/New course? Wondering if you can fit all of your desired courses into your daily schedule next school year? Unsure about the demands of a particular course? Then attending Discovery Days is for you!

In each tutorial session, teachers will discuss:

1. A general rule of thumb as to the amount of time expected on homework
2. Prerequisite skills necessary to be successful in the AP/Honors/New course
3. Support and resources available for students who may need additional assistance to be successful
4. Additional information regarding course expectations/requirements

Tutorial Date	Teacher/ Room #	Tutorial Date	Teacher/ Room #	Tutorial Date	Teacher/ Room #
3/12/2019 (Tuesday)		3/13/2019 (Wednesday)		3/14/2019 (Thursday)

Can't make it to a session due to other commitments or you have two sessions occurring on the same tutorial day? Don't worry, you are still welcome to contact the teacher at a later time to ask questions!

We are hopeful these informational sessions will allow you to make the most informed decisions about course selections, while also being mindful of balance and your own mental health and wellness!

For more information about Discovery Days, please talk to your assigned counselor.
