

Using Your PSAT/NMSQT® Scores to Increase College Readiness

PSAT/NMSQT®

CollegeBoard / NATIONAL MERIT
SCHOLARSHIP CORPORATION

Get to Know the PSAT/NMSQT®

- The PSAT/NMSQT is highly relevant to your future success because it focuses on the skills and knowledge at the heart of your education. It measures:
 - What you learn in high school
 - What you need to succeed in college
- The PSAT/NMSQT measures reading, writing and language, and math skills developed over many years.
- The PSAT/NMSQT does not ask for facts from literature, history, or science, or for recall of math formulas, because it measures your reasoning and critical thinking skills.
- You don't have to discover secret tricks or cram the night before.
- There is no penalty for guessing.
- The test length is 2 hours, 45 minutes.

What Are the Benefits of Taking the PSAT/NMSQT®?

The image shows two overlapping screenshots of the CollegeBoard website. The top screenshot displays the 'My Score Reports' page with a sign-in form containing fields for 'Username' and 'Password', and buttons for 'Sign In' and 'Sign Up'. To the right of the form is a list of benefits for accessing scores. The bottom screenshot shows the user's dashboard after logging in, displaying a 'PSAT/NMSQT Fall 2015' score report for an 11th grader. The report shows a total score of 860, with sub-scores of 380 for Evidence-Based Reading and Writing and 480 for Math. A blue button labeled 'Add Missing Scores' is circled in orange at the bottom of the dashboard. A large orange arrow points from the 'Add Missing Scores' button in the bottom screenshot back to the sign-in form in the top screenshot.

What Will I Learn About My Scores?

The screenshot shows the CollegeBoard website interface. At the top, there is a navigation bar with links for CollegeBoard, SAT, AP, College Planning, College Search, Store, and More. A search bar is located on the right side of the navigation bar. Below the navigation bar, there is a secondary navigation bar with links for My Score Reports (active), AP Potential, Popular Tools, and End Demo. A HELP icon is also present.

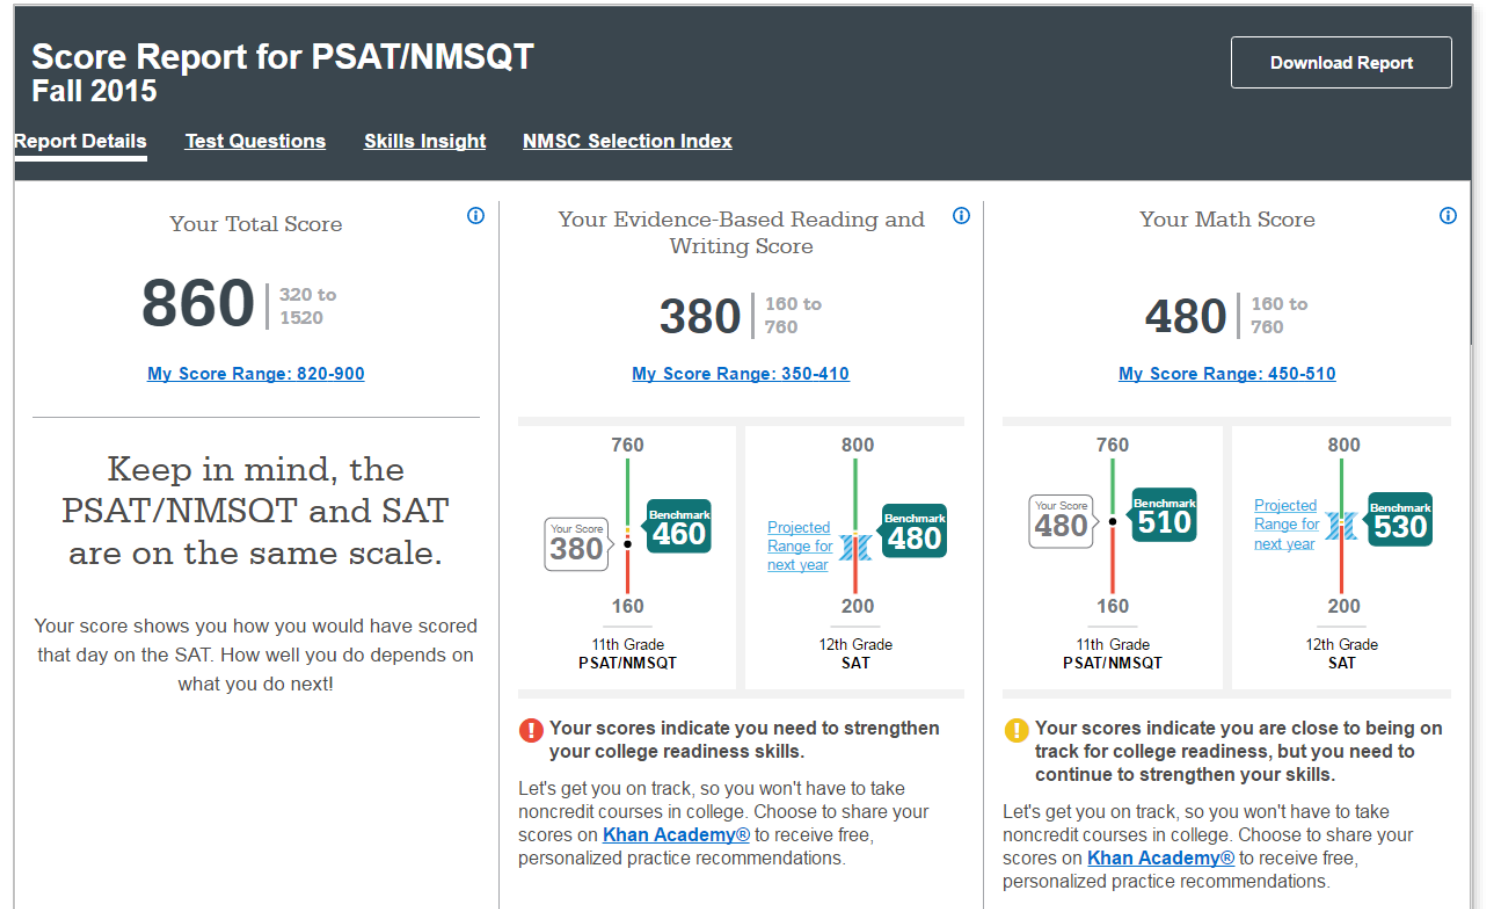

The main content area displays a welcome message: "Welcome, Ima. Here is your most recent score." Below this, the score report is shown for a PSAT/NMSQT taken in Fall 2015, for a 11th Grade student. The total score is 860. The scores for Evidence-Based Reading and Writing are 380, and for Math are 480. A "View Details" button is located below the total score.

On the right side of the score report, there are four recommended actions, each with a right-pointing arrow:

- SAT Registration
- SAT Practice on Khan Academy®
- College Search
- Scholarships

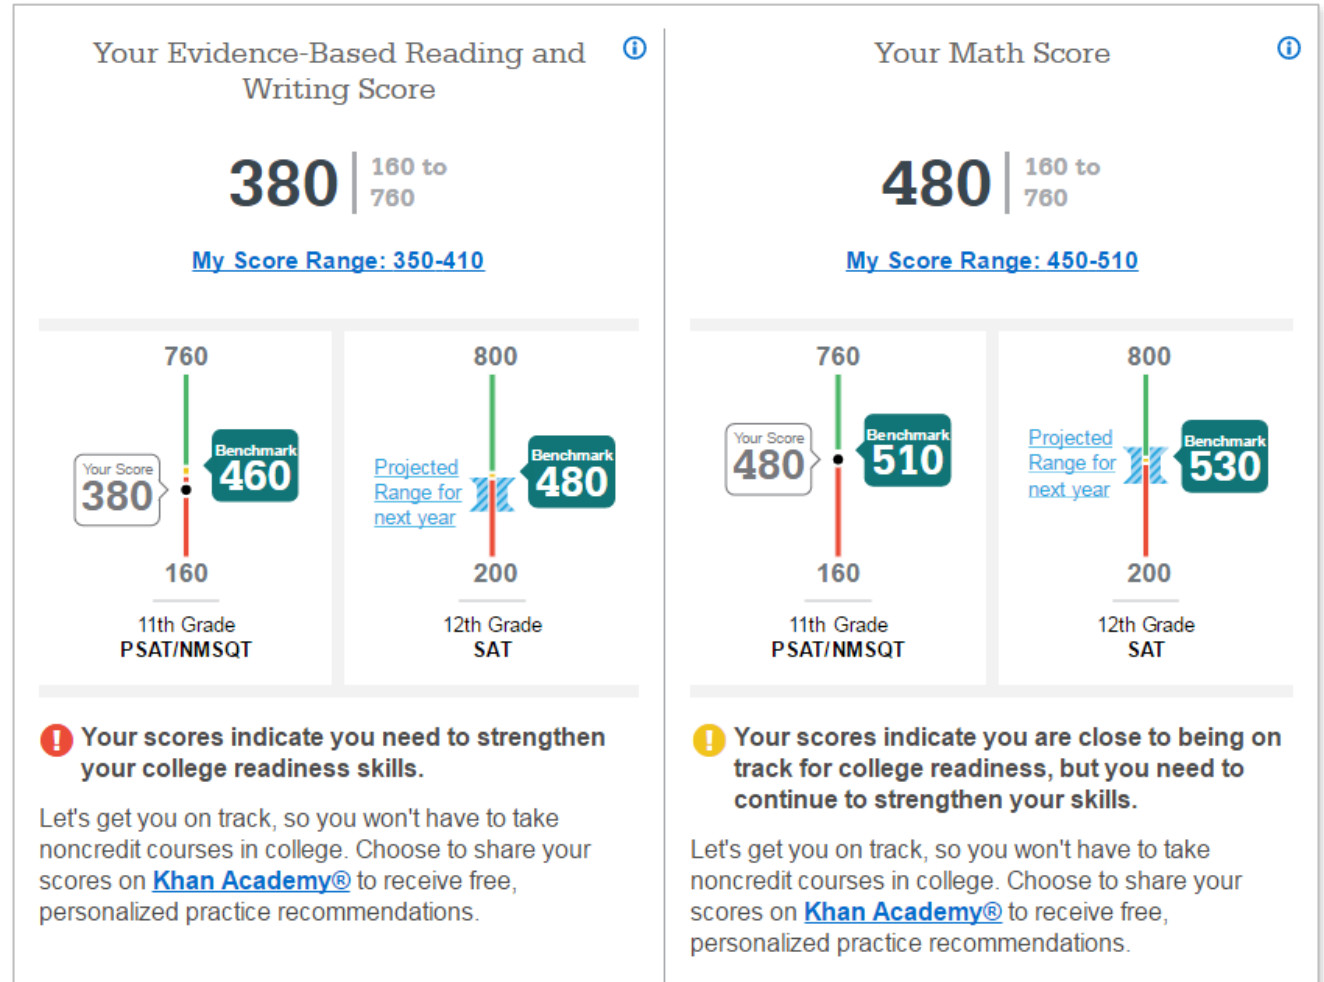

Below the score report, there is a note: "Keep in mind, the PSAT/NMSQT and SAT are on the same scale. Your score shows you how you would have scored that day on the SAT. How well you do depends on what you do next!"

The predicted SAT score is an initial projection based on current SAT data and concordance.

How Did My Score Measure Against the Benchmarks?

Section, test, and subscores all report scores in performance zones that indicate whether you are on track for meeting the college readiness benchmarks on the SAT®.

Section scores

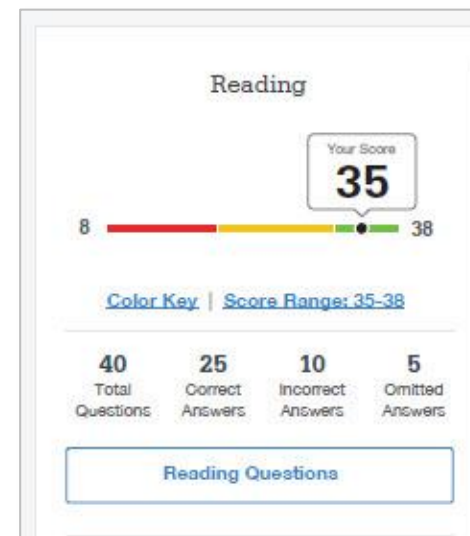

Need to Strengthen Skills = below grade-level benchmark by more than one year

Approaching Benchmark = below grade-level benchmark by one year or less

Meets or Exceeds Benchmark = at or above grade-level benchmark

Test scores and subscores

Red, yellow, and green ranges reflect areas of strengths and weaknesses compared to the typical performance of students

What Do My Scores Tell Me?

Test scores, cross-test scores, and subscores give students insightful information about their strengths and areas for improvement.

What Can I Learn from My Answers?

See the actual questions, answer choices, and the answer selected.

Look at the online score report and consider the following:

- Identify the questions answered incorrectly.
- Find the correct answer and read the answer explanation.
- Explain why the error was made.
- Ask questions about answer explanations that are not clear.

The screenshot shows a digital score report interface. At the top, it says 'CollegeBoard' and 'Student Score Reporting'. Below that, there are navigation tabs: 'My Score Reports', 'Full Report', 'AP Potential', and 'Practice Tools'. The main heading is 'Reading: Question 20'. The question text states: 'Questions 20–24 are based on the following passages. Passage 1 is adapted from Susan Miles, “A Different Kind of Smart,” 2007, by Science News. Passage 2 is adapted from “Smart, Mind of the Raven Investigator and Adventures with Jeff Rintz, 2000’’. Passage 1 In 1944, British psychologist C. Passage 2 For one month after they left the nest, I fed my four young ravens almost once and sometimes several times a day on thirty-minute walks. During these walks, I wrote down everything in their environment they pecked at. The question asks: 'One difference between the experiments described in the two passages is that unlike the researchers discussed in Passage 1, the author of Passage 2'. The answer choices are: A. presented the birds with a problem to solve. B. intentionally made the birds aware of his presence. C. consciously manipulated the birds' surroundings. D. tested the birds' tool-using abilities. The user selected A, but the correct answer is B. The explanation for B is: 'Choice B is the best answer. The researchers described in Passage 1 “fed behind a cloth” (Passage 1, line 46) to avoid being seen by the raven. The author of Passage 2, on the other hand, made no attempt to conceal his presence, in fact, as he describes it, he “fed” the ravens in his study on “walks” (Passage 2, lines 1–3), during which he “taught specific objects” (Passage 2, line 4) and then watched to see whether the birds touched the same objects. The author of Passage 2 notes that the ravens “soon became more independent” (Passage 2, line 8), going their own way rather than continuing to follow the author. From this it is clear that the author of Passage 2, unlike the researchers described in Passage 1, intentionally made the birds aware of his presence. Choice A is not the best answer because while a case could be made that the author of Passage 2 gave the ravens a problem to solve (which now objects are best to touch), the raven described in Passage 1 presented the raven with a problem as well: how to extract meat from a log. Thus, presenting birds with a problem to solve was not a difference between the experiments. Choice C is not the best answer because both the researchers described in Passage 1 and the author of Passage 2 consciously manipulated the birds' surroundings. The raven researcher placed meat, pebbles in a log and a pambone plant behind the log (see Passage 1, lines 16–19). The author of Passage 2 put unfamiliar objects on a path for the ravens to find (see Passage 2, lines 14–15). Thus, conscious manipulation of the birds' surroundings was not a difference between the experiments. Choice D is not the best answer because there is no evidence that the author of Passage 2 tested the ravens' tool-using abilities. The passage instead indicates that the author recorded observations about the birds' interactions with objects naturally occurring in and artificially introduced into the environment. Check the level of difficulty of each question and the related subscores and cross-test scores.

Look at the types of questions answered incorrectly and skipped and consider the following:

- Identify the level of difficulty. How many questions did I miss at each level?
- Was I more likely to skip questions associated with any subscore or cross-test score?
- What inferences can I make about areas for improvement based on the types of questions I missed and skipped?

What Is My AP Potential™?

AP Potential uses scores from the PSAT/NMSQT® to provide predictions for 21 AP® Exams.

- College Board research shows that students who score a 3 or higher on an AP Exam typically experience greater academic success in college and are more likely to earn a college degree on time than non-AP students.

AP Potential and Coursework

What is AP?
Advanced Placement is a College Board program that enables students to pursue college-level studies - with the opportunity to earn college credit, advanced placement or both - while still in high school. The program offers courses in more than 30 subjects. For a full list of courses, click here. If you've taken a College Board assessment in 9th grade or higher, see below for a list of AP courses that you are likely to succeed in. If you've taken an assessment in 9th grade or higher but don't see any AP courses listed below, click here to link the scores to this account or contact Customer Service at (866)756-7546 for assistance and questions.

High School Core Coursework
Colleges have different high school course requirements, but all expect you to take classes that challenge your skills. Try to take a core course load of 4 years of English and at least 3 years of Math, Science, and Social Studies. As you work towards your high school diploma, you should consider taking courses that align with your future career interest and college major, which may require more than the standard core course load. You may also want to think about taking Advanced Placement courses in your later years of high school.

Your NMSC Selection Index

139

NMSC uses a Selection Index score based on PSAT/NMSQT scores as an initial screen of students who enter its scholarship programs. The Selection Index score is double the sum of your Reading, Writing and Language, and Math Test scores.

Eligibility Information

You meet entry requirements for the 2020 National Merit Scholarship Program and your Selection Index score will be considered among 1.6 million program entrants.

If your Selection Index places you among the 50,000 high scorers who qualify for National Merit Scholarship Program recognition, you will be notified next September when qualifying Selection Index scores will be made available.

Entry Requirements

Information you provided on your answer sheet:

High school student: **YES**

Year to complete high school and enroll full time in college: **2020**

Total years to be spent in grades 9–12: **4**

National Merit Scholarship Corporation

National Merit Scholarship Corporation (NMSC) conducts the National Merit® Scholarship Program, an academic competition for recognition and college scholarships.

To designate students who qualify for recognition in its 2020 competition, NMSC will consider the 2018 PSAT/NMSQT® Selection Index scores of some 1.6 million test takers (usually high school juniors) who meet program entry requirements. For more information, please visit www.nationalmerit.org.

If any of your responses to NMSC's "Entry Requirements" questions are inaccurate or there has been a change in plans that may affect program entry, write immediately to:

How Can I Link My College Board and Khan Academy® Accounts?

- After successfully logging in to your College Board account, you will be asked to authorize the account linking.
- After clicking “Send,” you will be redirected to SAT® Practice on the Khan Academy site.
- You can remove the link at any time by clicking on “Revoke,” which is found in your College Board account settings.

The screenshot displays the Khan Academy SAT Practice interface. At the top, there's a blue header with the text "TODAY'S GOAL Practice your skills" and a sub-header "Choose the area you'd like to focus on for improvement today." Below this are two white buttons: "Practice Reading & Writing" and "Practice Math".

The main content area is divided into several sections:

- Sign in to CollegeBoard.org:** A section with a heading and a "Sign in to CollegeBoard.org" button. The text below explains that connecting the account will read PSAT/NMSQT® or PSAT 8/9 exam results to fast-forward skill progress and provide practice recommendations. It also notes that users can create or sign in to their account even if they haven't taken a real exam yet.
- Current skill levels:** A section with a heading and a "Practice your skills" link. It shows two skill level indicators: "Math" (with a blue icon) and "Reading & Writing" (with a purple icon). Below this, it prompts users to link their PSAT/NMSQT® or PSAT 8/9 results or complete diagnostic quizzes to set their current skill levels.
- Frequently asked questions:** A section with a heading and a link to "frequently asked questions". It also includes a link to "have a problem" or "an idea for making this system better!".
- Exam scores:** A section with a heading and a "View Full Exams" link. It states that exam scores will appear once the user completes their first practice exam or signs in to CollegeBoard.org and connects their real exam results.

How Do I Register for the SAT®?
