— 7-12 BLENDED LEARNING —

## What is Blended Learning?

Blended learning is a voluntary option offered on a limited basis for high school students within Irvine Unified School District. Students complete coursework online, and attend one in-person meeting per week for discussions, activities, and test proctoring. Blended learning courses are aligned to relevant state standards and are of equivalent instructional minutes and rigor as the in-person course option.

Mandatory, in-person meetings will be held each week at a designated location (Creekside Education Center or another appropriate school site). Additionally, there will be one web conference per week, to be scheduled by the instructor. Relevant courses are A-G approved for the University of California through San Joaquin High School. San Joaquin High School is an approved program through NCAA, the National Collegiate Athletic Association.

Prerequisite technology skills for the online portion of the courses include the use of the keyboard and mouse, the use of web navigation and search tools, the ability to open, modify, save, scan, and upload documents in different formats, and composing, receiving, and replying to electronic messages.

## How Can I Enroll in a Blended Learning Course?

Speak to your counselor and parent or guardian to determine if blended learning is an option for you. If you are interested in taking a blended learning course, you will need a referral from your counselor. Students and parents in the blended learning program must agree to the expectations, which include attendance and progress requirements. In general, successful students in a blended learning program are self-motivated and have excellent time management skills. They communicate with their instructors frequently, and attend in-person meetings as scheduled.

## How Can I Obtain More Information?

Please visit our website at <https://cec.iusd.org> to find additional program information, options for both part-time and full-time students, and a complete program of studies. For any questions regarding the program, please contact Racquel Nedden, Coordinator of Online Learning, at [racquelnedden@iusd.org](mailto:racquelnedden@iusd.org), or Dr. Rebecca Roberts, Director of Alternative Education, at [rebeccaroberts@iusd.org](mailto:rebeccaroberts@iusd.org).
