COVID19 RESPONSE

In response to the pandemic, IUSD moved to a period of emergency distance learning with all schools closed to in-person instruction in Spring 2020. In order to eliminate the inevitable inequalities presented by emergency distance learning, WHS, in accordance with district policies, awarded students marks of credit/no credit only, for the final reporting period .

WHS students had the option of continuing in distance learning throughout the 2020-2021 school year. WHS students who selected to continue in the distance-learning format show grades earned from San Joaquin High School on official transcripts. Letter grades awarded during 2020-2021 reverted from Cr/No CR to the regular grading system noted below.

On July 1, 2021, The California Legislature passed Assembly Bill [AB] 104. AB 104 allows students the option to receive grades of Pass/No Pass for one or more courses in the 2020-2021 school year at student discretion.

On July 9, 2021, The California Legislature passed AB 130. In the 2021-2022 school year, AB 130 mandates distance learning students the ability to return to their home high school within five days of a request. As a result, class size, demographics, and other information pertaining to this profile will vary throughout the current school year.
